0 of 0 review helpful Wonderful Book By Donald M Strayer This book is wonderful beginning with the great picture on the cover There is just the right amount of written history included with the well chosen photographs I read it from cover to cover and learned much about the area that I did not know The pictures at the end taken by Carol Kramer complement and are in harmony with much older pictures in the rest of Augustus T Dowd could scarcely believe his

eyes when he stumbled upon one of nature's majestic wonders in 1852. Hunting down a wounded bear in the hills above the mining camp of Murphy's Dowd instead found a tree of mammoth proportions. After initial skepticism about the size of these trees, news of Dowd's discovery quickly spread. Local businessmen soon acquired the grove of 100 mammoth trees or giant sequoia and built accommodations for travelers. Thus, about the Author The park's colorful history springs to life in these pages by writer Carol A. Kramer and the nonprofit Calaveras Big Trees Association.
