**By Fil Hunter, Robin Reid : Focus On Lighting Photos: Focus on the Fundamentals (The Focus On Series)**  
anyone that takes their art education seriously will know the importance of the fundamentals these fundamental topics are like the foundation of lighting dvd series In the lighting series you can learn the basics of lighting the concepts behind the lighting and how to make decisions regarding lighting Focus On Lighting Photos: Focus on the Fundamentals (The Focus On Series):

3 of 3 review helpful feels like a digest of Light Science and Magic but useful By NikonCoach This book feels like a digest of Light Science Magic Paperback If you ve read LS M and experimented with theory and techniques presented in it Focus on Lighting Photos will not be as exciting However if you haven t read or do not intend to read or found LS M too technical for your taste needs or do not want to learn fr Have you ever wondered if you need to use a flash in sunlight What the best lighting is for a macro shot How long your exposure should be in low lighting If you have this book is for you Lighting affects composition focus exposure decisions and pretty much everything about taking a picture Further the mood of the photograph is totally dependent on the lighting and can make or break the image It is also one of the hardest things for a budding photographer The explanations are easy to understand nbsp Concepts are demonstrated by series of photos of the same subject with different lighting nbsp Diagrams supplement the written explanations nbsp I find the use of progressively more intriguingly light
