By Cathie Sullivan, Gordon Sullivan : Photographing Washington (Photographer's Guides) a version of this story originally appeared on biographic hundreds of sperm whales swam to and fro their huge bodies elegantly twirling and twisting through heres a nature photographers guide to capturing the northern lights in the dark skies above washington idaho and montana Photographing Washington (Photographer's Guides):

3 of 3 review helpful A Basic Photography Tour Guide By Dov Ben Amram The book is OK for a first time visitor to Washington and or a beginner photographer I guess I expected more when I purchased it For a photography book I expected a better quality of printed pictures Many of the pictures are dull and tend to be gloomy For a photography guide book I expected more information on each of the photo locations Described as a nature photographer s paradise Washington State presents amateur and professional photographers with an endless array of subjects and there are no better guides to photographing here than Gordon and Cathie Sullivan authors of twelve books on photography

Washington is home to four National Parks and National Monuments the spectacular Pacific Coast Highway the San Juan Islands Columbia River basin and a host of wildlife refuges This is t About the Author Gordon Sullivan is the author and photographer of many books and calendars including Saving Homewaters and The Photographer s Guide to Glacier National Park both from Countryman Press He lives in Libby Montana
