0 of 0 review helpful Needs some polishing but not a bad book By Burns Well There are some pretty amazing pictures in here I really liked the one with the tunnel through the bushes Unfortunately some of the pictures didn t really go with the place descriptions as well as they could ve For example when talking about a wind farm it would be great if

the accompanying picture was that of a wind farm but alas it was not Children love to explore and are very inquisitive when it comes to their environment As they learn about where they live they also think beyond and wish to know more about what is out there the different places that exist on our planet The Popular Places On The Planet Picture Book is a great way to begin to expand their mind and show them through pictures what is going on around As children are still learning to read giving them a picture book is a great option to About the Author At Speedy Publishing we envision our company and publishing arm as being a premier publisher of quick reference materials useful reference books fiction books in all sub genres and creative non fiction to both entertain and assist readers wor
