**By William J. Sproule : Copper Country Streetcars (Images of Rail)** here are presented copies of every book review published in railroad history and its predecessor the randlhs bulletin through 2008 the first book reviews began to streetcars once again shuttle passengers down canal street and the riverfront and the st charles avenue lines cars clang and sway along their 13 mile route at 1 Copper Country Streetcars (Images of Rail):

0 of 0 review helpful Excellent value By Carole A Neumann I went to MTU and thought the pictures were terrific I

learned some things about the area I never knew For those who loved the area and remember their experiences in the area I recommend it Ed Neumann MTU 64 0 of 0 review helpful Street Pictorial By Darryll Sundberg Great pictorial display of the streetc During the early 1900s copper mining was at its peak in the Copper Country of Michigan s Upper Peninsula Numerous communities sprang up throughout the region but travel between towns was difficult as the roads were not paved and became impassable during the winter months when over 200 inches of snow would inundate the area The poor travel conditions and boom period in the Copper Country were instrumental factors that resulted in the construction of a streetcar line About the Author William Bill J Sproule is a professor in the Department of Civil and Environmental Engineering at Michigan Technological University in Houghton Michigan where he teaches transportation engineering public transit airport design and hockey
