By Gene Reynolds : Georgetown (Images of America) welcome to the bioethics research library at georgetown university a destination library for bioethics scholars worldwide and an exceptional resource shops events dining entertainment and attractions Georgetown (Images of America):

1 of 1 review helpful Most will probably like it By Oldretiree It is hard to make a specific recommendation and it really depends on the reader where one may fall on loving this book or finding it just meh I am a removed Mainer who s family ties in Georgetown begin in earliest Colonial era down to today I was looking for not only nice images but

people my people Thus too many of the pictures lack names that would Georgetown is an island located between the historic Kennebec and Sheepscot Rivers Incorporated in 1716 it was accessible from the mainland only by various ferries and local fishing boats until a bridge was erected in 1898 Maritime endeavors like fishing and shipbuilding emerged as the major industries in town very early on and continue to be a primary means of employment today Georgetown encompasses several beautiful villages all of which retain a feeling of an old About the Author Gene Reynolds a lifelong resident of Georgetown has written many stories and given talks on local history His penchant for history can be attributed to having three aunts who were local schoolteachers Photographs have been drawn from the aut
