**By Delma E. Presley, Beverly B. Presley : Georgia Southern University (Campus History)** the georgia southern university campus itself is one of us it breathes it is alive it is a memory maker it is a comfortable place of endless activity and georgia southern university is a public university located on a 900 acre 36 km 2 campus in statesboro georgia united states founded in 1906 as a land grant Georgia Southern University (Campus History):

3 of 3 review helpful Great quality By William S Broucek Having personally lived much of the history of GSU during its more formative years I can vouch for the authenticity of the research that went into this book Dr Mrs Presley

captured the essence of Georgia Normal School Georgia Teachers College and Georgia Southern College as it morphed into Georgia Southern University a process that took decades The many In 1906 the founders of what would become Georgia Southern University pledged to build a college that would prepare students to succeed in a changing world The First District Agricultural and Mechanical School served well the needs of women and men who lived in a farm based economy As the 20th century unfolded the college did something that is rare in the history of higher education it changed its name five times to meet the educational needs of its citizens A univ About the Author Authors Delma and Beverly Presley selected images from Georgia Southern Universitys collections at the museum library and Department of Marketing and Communications
