By Steve Caplin : How to Cheat in Photoshop CS6: The art of creating realistic photomontages How to Cheat in Photoshop CS6: The art of creating realistic photomontages:

37 of 39 review helpful Great content but the Kindle edition is unacceptable By A Landry This review is for the Kindle edition I really like the book It s well written and the examples are short and well thought out Each example illustrates a new principle that you can apply to many situations in Photoshop However like many ebook editions it is plagued with typos The thing that makes it really difficul With enough charm and wit to make learning Photoshop

anything but taxing Steve Caplin delivers the next instalment of the How to Cheat series containing all the techniques you need to create and master the art of photomontage Delivered in easy to follow step by step tutorials How to Cheat in Photoshop covers all the basics of selections and layers before moving onto top tricks and techniques for creating realistic works of art for business pleasure Photomontage master Steve Caplin shows readers how to utilize the new features in CS6 efficient as well as how to make an image look like something else entirely This resource is for all kinds of creative inside and out of the industry such as retoucher
