2 of 2 review helpful Wikipedia It seems like the goal of this author or series was to By M L Randazzo So I m really having a hard time with these books and using them for children Although the graphics have merit the text is incomprehensible out of context and in most cases lifted right off of Wikipedia For example The page on penguins states Penguins are a group of aquatic flightless birds living almost exclu Going to the zoo is always an exciting adventure especially for kids There are so many animals there and most of these animals are not even local to the area Therefore the zoo is your child rsquo s chance to meet exotic creatures But when the zoo is too far away don rsquo t worry because your child can still go on a virtual tour using this educational book Grab a copy today About the Author

Baby Professor showcases a collection of subjects that would be educational for kids to help them learn how to do something themselves or shows how something is done or how it came about Children love to learn through attractive visuals and Bab
