0 of 0 review helpful Robert Buccellato shows with JIMMY CARTER IN PLAINS that anything is possible By Cyrus Webb Last year I had the pleasure of connecting with author Robert Buccellato and getting an advance copy of his book JIMMY CARTER IN PLAINS As someone who loves history and getting to know the story behind the individuals we feel as though we know I was excited for the chance to read it I didn't know at the time The physical connections to most American presidents are deeply rooted in the past and unfamiliar One can no longer see Washington's birthplace or William Henry Harrison's log cabin Plains Georgia is different and the attachment Americans have for it remains truly unique Jimmy Carter in Plains A Presidential Hometown tells the inspirational story of how one man and his community transformed a nation When Jimmy Carter a one term governor of Georgia a must buy for any Carter fan Storytelling with images that cannot be found anywhere else
